# MAKING AN IMPACT

“Thank you for helping me out financially so that my girls could attend summer camp. Their only other option would have been to spend the summer with their 86 year old grandmother, and that would have meant a lot of TV watching. Instead, they had so much fun going to Camp Frontier each day, making new friends, swimming every day, performing on stage (which was huge for my shy/timid one) and my listening to their stories each day when I picked them up. This camp was amazing and you even fed them breakfast and lunch each day, which really helped me out. I am grateful to the YMCA and maybe one day when I finish college and start my nursing career, I can help another single mother out by giving back!”

## FINANCIAL ASSISTANCE

In 2018, we provided financial assistance to over 1450 individuals totaling \$119,000 in subsidies. More than half of this was to help kids enroll in Y After School and Y Summer Camp, because we value the personalities and potential of every child and teen.
